Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Opens the application. • Grants camera access. • Selects the subject to study.	• Emotion is detected through the webcam. • Views detected emotion. • Receives personalized learning resources.	• Studies using recommended material. • Completes quizzes/practice. • Tracks learning progress.
Touchpoint <i>What part of the service do they interact with?</i>	• Login/Home Screen. • Camera Permission. • Subject Selection Page.	• Emotion Detection Module. • AI Recommendation Engine. • Dashboard.	• Learning Content. • Progress Dashboard. • Feedback Section.
Customer Thought <i>What is the customer thinking?</i>	• "Will this help me study better?" • "Is my privacy safe?" • "I hope it's easy to use."	• "The detected emotion looks accurate." • "These recommendations suit my mood." • "This is helping me stay focused."	• "I'm understanding concepts better." • "My confidence has improved." • "I'll use this again."

Customer Feeling <i>What is the customer feeling?</i>	Curious. Slightly anxious. Hopeful.	Engaged. Supported. Motivated.	Confident. Satisfied. Prepared for exams.
Process Ownership <i>Who is in the lead on this?</i>	User Interface Team	AI/Emotion Detection Module	Learning Recommendation & Analytics Module
Opportunities <i>How can we improve this stage?</i>	• Simplify onboarding • Faster camera permission setup. • Better UI guidance.	• Improve emotion detection accuracy. • Add more emotion categories. • Faster recommendations.	• Add performance analytics. • Personalized study plans. • Daily reminders and progress tracking.
