

Project Demo Planning

Date	06 July 2026
Team ID	XXXXXX
Project Name	Emotion Detection & Learning Support Engine
Maximum Marks	1 Mark

Project Demo Planning:

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Project Introduction	Introduce the project, objectives, problem statement, and motivation behind emotion-aware learning support.	1	Rithvik Dhanesh Durgam
2	Solution Overview	Explain the system architecture, technologies used (Streamlit, BiLSTM, BERT, Gemini), and overall workflow.	1	Rithvik Dhanesh Durgam
3	Live Emotion Detection	Demonstrate text-based emotion detection using a sample student learning challenge and show BiLSTM & BERT predictions.	1	Rithvik Dhanesh Durgam
4	Personalized Learning Guidance	Demonstrate Gemini-generated personalized learning recommendations and mixed emotion detection.	1	Rithvik Dhanesh Durgam
5	Analytics & History	Demonstrate the Analytics dashboard, emotion trends, confidence charts, and History page with downloadable CSV records.	1	Rithvik Dhanesh Durgam
6	Deployment & Conclusion	Show the deployed Streamlit application, GitHub repository, summarize the project, and conclude the demonstration.	1	Rithvik Dhanesh Durgam

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the need for emotion-aware learning support and the motivation behind the project.
2	Solution Overview	Present the architecture, workflow, technologies, and AI models used (BiLSTM, BERT, Gemini).
3	Live Feature Demonstration	Demonstrate text emotion detection, personalized guidance, analytics dashboard, and history tracking using the deployed Streamlit application.
4	Q&A Session	Answer questions regarding implementation, AI models, deployment, and future enhancements.
